District 8 co sponsored a highly successful webinar with the NAWJ Human Trafficking Committee. The title was Human Trafficking and the Intersection with Immigration and the LGBTQ Community. We had 150 attendees from courts, advocacy groups, and prosecutors around the country.

On July 27, we are scheduled to do a program with Polished Pebbles, a mentoring group servicing girls on the west and south sides of Chicago. Our Indiana branch is planning a Color of Justice one-day program in late summer or early fall. We are also planning a MentorJet program for September 21. So far, we have five law schools which will be participating.

In Chicago the criminal court is opening to hold trials starting this week.
