

August 13, 2021
Report from District 8
Honorable Ann Breen-Greco

Illinois, Indiana, Wisconsin

District 8 held a mentoring session on July 27, 2021, with Polished Pebbles, a not for profit organization which mentors girls/young women on the South and West sides of Chicago. District 8 partnered with the Illinois Association of Administrative Law Judges for the event. The attendees were able to hear from the Judges and ask questions. The second question that was asked related to how transgender people are treated in the courts. District 8 will also be conducting two other programs this year. One program will be Color of Justice and be conducted for students by Indiana Judges. Our other program will be a mentoring program for law students to be held September 21. District 8 will partner with law schools for that program.
