## **MISSION STATEMENT:**

The National Association of Women Judges' mission is to: Promote the judicial role of protecting the rights of individuals under the rule of law through strong, committed, diverse judicial leadership, fairness and equality in the courts, and equal access to justice.

## **ABOUT NAWJ:**

Since its formation in 1979, NAWJ has inspired and lead the American judiciary in achieving fairness and equality for vulnerable populations. Led by two visionary women – Justice Joan Dempsey Klein and Justice Vaino Spencer – 100 brave and intrepid women judges met and formed an organization dedicated to the following ideals: ensuring equal justice and access to the courts for all including women, youth, the elderly, minorities, the underprivileged, and people with disabilities; providing judicial education on cutting-edge issues of importance; developing judicial leaders; increasing the number of women on the bench in order for the judiciary to more accurately reflect the role of women in a democratic society; and improving the administration of justice to provide gender-fair decisions for both male and female litigants.

From the day it was founded, NAWJ has been committed to diversity in our membership. Our organization welcomes both men and women. We include appellate, trial, tribal, administrative law judges, state and federal judges, and members from every state in the nation.

NAWJ takes pride in its accomplishments. We were at the forefront in the establishment and implementation of gender bias task forces in both federal and state courts. We have greatly advanced the administration of justice in areas of domestic violence, child support and child custody, and the treatment of women in the courts of America. We also are respected as a leader in educating judges on bioethics, elderly abuse, the sentencing of women offenders with substance abuse problems; improving conditions for women in prison; and the problems facing immigrants in our court system. Currently we are developing curricula on the effect of genetic advances on women and vulnerable populations, the impact of international law on state and federal courts, and cognitively disabled persons in criminal courts.

In addition to addressing these and other important issues, NAWJ provides an opportunity for judges to meet and discuss professional issues of mutual concern in a supportive atmosphere. Connecting with others with the same values, we laugh, enjoy life and mentor one another nationwide.
