**Mission:** To promote the judicial role in protecting the rights of individuals under the rule of law through strong, committed, and diverse judicial leadership; fairness and equality in the courts; and equal access to justice.

**Membership:** NAWJ is committed to diversity in its membership. Membership includes trial, appellate, administrative, tribal, and military judges who serve on federal, state local, and tribal courts from throughout the country, and judges who are part of international tribunals. We welcome attorneys, law clerks, law students, and law professors who are committed to our mission. NAWJ founded its sister organization, the International Association of Women Judges, to support and interact with judges from all over the world.

## **Signature Programs**

### **Informed Voters, Fair Judges Project**

A national voter education civics program founded and taught by judges about the critical importance of an independent and impartial judiciary.

### **Color of Justice**

NAWJ signature program where judges and lawyers partner to encourage high school students, especially those from underrepresented populations, to pursue careers in the law and the judiciary.

### **Mentorjet**

An opportunity for judges and legal professionals to meet high school and college students interested in the law.

### **Bar to Bench**

A program to encourage women lawyers to consider judicial careers, as well as make the process of appointment and election to the bench more transparent and accessible.

NAWJ is also at the forefront of combatting human trafficking, interrupting the school to prison pipeline, addressing domestic violence, and supporting programs assisting women in prison.
